

Distinction Mathematics

Secondary 1 Mathematics (Express / IP)
Secondary 2 Mathematics (Express / IP)
Elementary & Additional Mathematics (GCE 'O' Level)
Core & Advanced Mathematics (IP)

At The Learning Boutique, we equip our pupils with Mathematical skills, processes and concepts, as well as the metacognitive skills to appreciate Mathematics. We inspire their confidence in Mathematics, helping each student to develop to their maximum potential. Many students have benefitted from our rigorous Mathematics coaching and attained distinctions in examinations.

Currently we have students from both IP and Express streams. Students learn in small groups arranged according to academic streams.

Please feel free to contact us to find out how we can help your child achieve his/her breakthrough in Mathematics!
